EXPANDING HORIZONS 2017

For Grades 3-5
Two Weeks: July 10-July 21
9 a.m.-4 p.m.

9-9:30 a.m. Check-in
Guest Speakers

9:30-11:30 a.m. Amazing Race
Participate in a virtual race around the world! Students will follow clues and race against other teams as they travel from country to country and participate in exciting challenges. Students will learn about world history and geography as they create passports, engage in team activities, and discover historical facts of countries around the world.

11:30-12 p.m. Lunch

12-2 p.m. Global Earth Systems
In this course, students will develop an understanding of the workings and interactions of global Earth systems processes, and use this new understanding to explore contemporary problems and solutions in global environmental change. Students will explore climate dynamics in the geosphere, atmosphere, hydrosphere, pedosphere, and biosphere.

2-4 p.m. Create Art Around the World
Go on an amazing adventure with famous artists from around the world. Students will visit four continents and recreate famous works of art. Using a variety of media, they will create their own masterpieces that represent different genres and time periods from history.

Limited scholarships are available!
Visit our website for requirements and to apply.

This is a sample schedule. Content may be delivered in a different sequence.
