Who should enroll in the Professional Certificate in Entrepreneurship?
Anyone may enroll in either the classes or the certificate program. Courses are designed for both existing and aspiring entrepreneurs who would like to acquire the skills to start a new venture, or professionals from existing organizations that are interested in intrapreneurship or corporate social responsibility and globalization within their companies.

Do I need a degree to enroll in the certificate program?
No, but the more education you have in a college environment, the better for your resume and overall experience.

When can I start the certificate program?
You may begin at the start of any quarter. Classes are offered year-round.

Are classes offered online or on campus? How many courses can I take per quarter?
Courses are offered in-person only at this time. You are welcome to take as many classes as you feel comfortable with, or as your schedule permits.

Do I need to pay for the program up front?
No, this is a “pay as you go” program; you pay for each course individually when you enroll.

Do you provide job placement?
No, however, you will have the opportunity to network with fellow students and instructors during the course of your studies, which can provide you with valuable employment leads.

Where can I find more information?
On our website, the Entrepreneurship Certificate page offers information on what you can do, what you’ll learn, and other important pieces of information to help you make a decision. You’ll also see a list of required courses under the Course Schedule tab. Click on the title of each course for more details. If a course is not scheduled at this time, simply click on the Notify Me link and you will receive an email when the course is open for enrollment.

How can I reach a program expert?
