GET YOUR FUTURE BACK ON TRACK!

Ready to take the next steps to complete your degree? Whether you started your degree at UCR or another UC campus, our Degree Completion Program offers a viable pathway for you to pick up where you left off and achieve your academic goals. UC Riverside and UC Davis have formed an innovative partnership that also includes UC Santa Barbara and UC Merced. The initiative serves two populations: UC students with incomplete degrees, also known as re-entry students who left between 2008-2020, and California residents with some college and no degree attainment. During the first two years, the initiative is looking to support nearly 800 students. Through flexible course scheduling, diverse instructional modalities, advising, and financial support, the program allows you to connect with educational opportunities to advance your career outcomes and set the pace for your future.

PROGRAM FEATURES

- **Flexible Schedule:** Study part-time or full-time depending on your availability.
- **Learning Formats:** Courses are offered in online, in-person, and hybrid formats.
- **Academic Advising:** Dedicated team of staff and instructors to guide you through the program.
- **Financial Support:** Qualified students may receive assistance once readmitted to a UC campus.

**BENEFITS OF EARNING YOUR DEGREE**

- Increased access to job opportunities
- Higher earning potential
- Personal development and satisfaction
- Greater marketability
- Employer-offered benefits/stability

**WHEN DOES THE PROGRAM BEGIN?**

Enrollments for the first cohort will begin winter 2023.

**CAN I CHOOSE ANY SUBJECT OR MAJOR?**

Yes. You can select any certificate or degree program.
